LIVELY MEETING AT SAN MATEO
TUESDAY EVENING AT WHICH
COUNTY CLAIMS ARE PRESENTED

State Railroad Commissioner Will
Discuss Rates at a Meeting in This
City on September Second.

Transportation and roads, the twin bugaboos of this county were winged for the boosters for a mighty double at San Mateo Tuesday night, which event has already been marked as a red letter day in their list of achievements.

Wary of the dilatory tactics of the Southern Pacific in answering them on the railroad rate problem, the boosters' transportation committee, formally called on the State Railroad commission at their offices in the Ferry building. The case of San Mateo county, which is that of the whole Peninsula, was laid before the Commission. Numerous arguments being presented why the trip and commutation fares should be materially lowered.

On the advice of Col. H. D. Loveland of the commission, a conference of great importance although of only semi-official character will be held in the court house in this city on the afternoon of September 2d at 2:30 o'clock. At that time the entire railroad commission will be present and the arguments for the lowering of rates will be presented for their consideration.

Good roads from A to Z and back again, especially with relation to the State bond issue, were considered Tuesday night at the Association meeting where delegates were present from throughout the Peninsula in an effort to assure the success of the fight which is being made to have the main highway provided for in the bond issue, run through San Mateo county. Among those present and speaking were: B. A. Hulst, Merchants' Association; W. J. Martin, Judge E. E. Cunningham, Leslie Burke, and Col. Frank Marston of the Automobile Club; C. M. Morris, Rev. W. A. Brewer, W. M. Roberts, and S. D. Merk, San Mateo Board of Trade; Messrs. Boardman and Kettner of the Merchants' Association; L. P. Behrens, E. L. Woodman, Guy Hull, P. F. Chamberlain and Chas. Land-schelt.

The following resolution was adopted: "Resolved, that it is the sense of this meeting that we recommend to the State Highway commission that the main coast highway should run down the Peninsula from San Francisco to San Jose and that a branch road should be constructed on the east side of San Francisco bay from Oakland to San Jose."

The road problem will be clinched at a meeting to be held in San Francisco within the next few days at which delegates from San Jose north are expected as well as Alameda county. And in the meantime—Don't forget that Menlo Park promises to lend a dash of tobacco in the way of booster meetings by her's of this coming Saturday night. It'll be the real thing—be on hand and you'll lose any sluggish stolidity that may be in your system.

SUCCESSFUL TURKEY RAISING AT PURISSIMA

At Purissima, on the ranch of Robert D. Savage, Jr., one may see an excellent example of successful turkey raising. As every body, who has tried, knows it is no dream to rear turkeys. Of all the different kinds of poultry, they are the most delicate during the first few weeks of their life, a slight change of either food or weather often proving fatal to whole clutches. Nobody knows this better than Lin Tweedy, of Purissima, who now leads the country in rearing the Thanksgiving birds. For three years past he has given the task his closest attention, and his success this year seems to indicate that he has found the way. This fall he will have at least three hundred to market, and his losses are less than five per cent. of those hatched, and it is well known that the weather has not been unusually favorable. He lets the turkey hens do their own hatching and mothering, and he feeds the young ones many times a day. Each clutch is kept in a separate house at night until able to do for themselves. His large beaver wandering over the fields seeking their food are the admiration of the entire neighborhood in which he lives, and not a few think of what a handful of money he is sure to get for them. Persistent work brings its reward.

SAN MATEO WOMAN HAS TWO FALLS FROM MOTORCYCLE

Mrs. George Basac, wife of a San Mateo chauffeur, had a remarkable experience here last Tuesday morning. She rode into town on a motorcycle and when attempting to turn at Broadway and Main street collided with a horse and buggy and was thrown to the ground and run over by the buggy. She was picked up and taken to Dr. Ross' office where, with the exception of nervousness, it was found that she was but slightly injured. Mrs. Basac pluckily consented to ride home on the motorcycle with George Beardsley, the machinist, acting as driver. At the very spot where her first accident occurred she had a second mishap. While turning the corner she was overcome with a fainting spell and fell from the machine, dragging Beardsley with her. She was again taken to Dr. Ross' office and again found to be uninjured. This time the doctor refused to permit her to ride to San Mateo on the motorcycle but taking his automobile saw her safely to her home. Mrs. Basac had sustained a number of bruises which were not serious. She suffered much from nervousness.

Charge of Assault Dismissed

The charge against James Milholland, the San Gregorio barkeeper, of abusing Richard Penny, an old soldier, by throwing him into a horse trough, was dismissed Tuesday. The only evidence against Milholland was that of a small boy who claimed to have witnessed the ducking of Penny. The youth told a story that justified the officers in making the arrest. When called upon a second time to describe the occurrence he gave an entirely different version of the happening, practically retracting his first assertion. Milholland and a number of his friends assured the officers that Penny had not been abused in any way. The sheriff and district attorney, believing Milholland guiltless, promptly dismissed the charge against him.

Discovers Slate Deposit

Ben Zimmerman, the carpenter, believes that he has discovered an extensive ledge of slate on the Whipple road. While out walking recently he found an outcropping on the grade and on examining it found it to extend down deep into the gulch. Examination of the country on the western side of the hill would indicate that the ledge extends into the Canyada side. Mr. Zimmerman, having spent many years of his life in the mining sections and being familiar with all kinds of rock formation, is confident that his slate discovery is genuine. He expects to make a further investigation and will have specimens of the ledge tested.

Is an Escaped Lunatic.

James Grelick, the ex-convict who attempted to murder Mrs. Guggenheim in the Home of Peace cemetery last week, is in all probability an escaped inmate from the Oregon State Insane Asylum. Sheriff Mansfield is in receipt of a letter from Dr. Steiner, the superintendent of the asylum which reveals the identity of Grelick. He escaped in August, 1907, and shortly after that date was committed to San Quentin. Previous to being sent to the asylum he was a convict.

Factory Officials Confer.

Several officials of the shoe factory came down from San Francisco last Thursday night and held a lengthy conference with the local citizens who are promoting the enterprise. A number of disputed points were gone over and it is believed that all of the obstacles have been removed. There will be a later conference, after which it is confidently believed that the factory will soon be established.

Miss Norma Jacobus was hostess at a pretty luncheon given on Saturday at the home of her parents, Mr. and Mrs. Chas. Jacobus. The guests were the young girls of the Entre Nous club, and as they had been widely scattered during vacation, the reunion was a particularly happy one.

Miss Fern and Miss Nellie Toothacher left on Wednesday for Los Angeles, where they will spend the coming year at a young ladies' finishing school.

Miss Urtica Shalberg, a recent graduate of Sequoia High school, has entered the San Francisco Normal.

NO REASON FOR IT

When Redwood City Citizens Show
the Way.

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the danger of serious kidney disease when relief is so near at hand and the most positive proof given that these ills can be cured. Read what a Redwood City citizen says:

"I had Hausler, 101 Stambaugh St., Redwood City, Cal., says: 'My kidneys were disordered and the kidney secretions were unnatural. Knowing that difficulties of this kind often result seriously if allowed to go unchecked, I was anxious to get relief. Seeing Doan's Kidney Pills highly recommended, I got a box at P. A. Ryan's Drug Store and their use completely removed my trouble. In July 1907 I publicly testified in praise of Doan's Kidney Pills and at the time I gladly confirm that statement. This fact justifies my speaking more highly than ever of Doan's Kidney Pills.'"

VOTE TO ESTABLISH HIGH-
WAY LIGHTING DISTRICT.

Objection to Service of South City
Electric Company.

The board of supervisors met in ad-
journed session Monday, August 13th,
there being present P. H. McEvoy
(presiding), W. H. Brown, D. E.
Blackburn, Jas. T. Casey and Jos. M.
Francis.

Attorney Jas. T. O'Keefe appeared
before the board and presented proof
that an election had been held at Lo-
mita park on August 10th, for the
purpose of voting on the proposition
to form a highway lighting district,
at which election 23 votes were cast,
22 being in favor of the district
and one against.

A resolution was adopted on mo-
tion of Blackburn, seconded by
Brown, setting forth the facts as
presented by Mr. O'Keefe and declar-
ing the establishment of the Lomita
Park Highway Lighting District,
whose boundaries are fixed as fol-
lows:

"Beginning at a point on the north-
easterly line of the main county road
leading from San Francisco to San
Jose, where said line is intersected by
the southeasterly line of San Juan
avenue, as the same is shown on that
certain map entitled 'Map of Lomita
Park, showing Subdivision No. 3,' and
recorded in book No. 3 of maps, at
page 45, records of San Mateo county;
thence from said point of beginning
north 56 degrees, 30 minutes east
along said southeasterly line of San
Juan avenue to the southeasterly line
of the right-of-way of the right-of-
way of the United Railways' elec-
tric road; thence northwesterly
along said line of said line of said
right-of-way to its intersection with
the northwesterly line of San Felipe
ave.; thence south 59 degrees,
45 min. west 187 feet, 3 inches to a
stone monument marking the inter-
section of said line of San Felipe
avenue with the aforesaid northeast-
erly line of the main county road;
thence southeasterly along said north-
easterly line of the main county road
to the point of beginning, and the
exterior boundaries of Lomita
park; all of the above described ter-
ritory is in the First township, San
Mateo county.

Hall C. Ross presented a map of
Easton Addition to Burlingame No.
5, on which are delineated Balboa,
Cortez, Drake, Bernal and Van-
couver avenues. The map was accepted
and ordered filed on motion of Casey,
seconded by Brown.

Casey was granted permission to
employ the county surveyor to make
an inspection of a bridge on the
county road at Millbrae, on motion
of Brown, seconded by Blackburn.

A lengthy communication was re-
ceived from E. D. Knight, city at-
torney of Daly City, complaining of
the poor service given by the South
San Francisco Light and Power Com-
pany, which company has a contract
with the county to light the streets
of that city, it being a part of the
Colma Highway Lighting District.

On motion of Francis, seconded by
Blackburn, the communication was
accepted and the matter referred to
Casey for investigation and a report
at the next meeting.

On motion of Blackburn, seconded
by Brown, Recorder Heiner was
granted permission to install the
private office being removed from the

Every citizen should attend the "booster" meeting tonight in Duff & Doyle hall. The officers of the San Mateo County Development Association will be present to give information as to what the association is doing for the good of the peninsula. They have some useful information to impart and those who attend will be given a surprise. Let everyone go and swell the crowd and show the association that we "also" are in earnest.

Hugh Gilcrest, who was severely injured last week, died at the county hospital last Friday. He did not recover from the operation that was performed on him the day before. Dr. Taggart, who had charge of the case, received a letter from Mrs. Mary Lawless inquiring about his health and offering to aid her brother in a financial way. Mr. Gilcrest came of a prominent New York family. He was well educated and tenderly raised. It is said he was the victim of a love affair in his youth that caused him to come West. He resided in this community for nearly forty years and never returned to his boyhood home.

It will be a gala day, for the aristocrats of the peninsula are to be there in full force. Automobiles will carry passengers to and from the trains for a small fare. The ladies of the church have been working industriously for the event for some time so that it will no doubt be both a financial and social success.

Engagement Announced.
The engagement has been announced of William H. Manaton of Palo Alto and Miss J. Marie Hardin of San Francisco. Mr. Manaton is head of the Menlo Park Dramatic club and it was he who staged the last play, Mr. Bob, in Parochial that was such a great success. He is a young business man of Palo Alto. He is associated with the Marshall Black and is vice-president of the Marshall Black Investment Company. Miss Hardin has just finished her school days, having graduated with high honors last June from the College of Notre Dame, San Jose. She followed the music course with particular attention and is said to be one of the most finished artists at the piano forte that the conservatory has graduated.

Notable Church Wedding.
One of the prettiest weddings that has ever taken place in Menlo Park was solemnized in the Church of the Nativity last Wednesday morning when Miss Nellie V. Casey was united in marriage to George A. Morlock. The happy event was scheduled to take place at 9:30 o'clock but long before that hour the edifice was crowded with friends of the young couple. The bride and groom were met at the altar by Father William Lyons and Father Lacombe and the former in the simple but beautiful ritual of the Catholic Church performed the ceremony that made two hearts beat as one. After the marriage the young people were driven to the Casey home where the reception took place. The home was crowded and hearty indeed, were the well wishes extended Mr. and Mrs. Morlock. A tempting wedding breakfast followed the reception at which over fifty friends of the bride and groom partook. Many speeches of congratulation were made and happily responded to by Mr. and Mrs. Morlock. The bride was becomingly dressed in a gray travelling suit and a white hat and the bridesmaid Miss Casey was nattily gowned in a dress of black cretonne. The groom and best man, Peter Perry, were dressed in conventional black. The

happy pair took the afternoon train for San Francisco, going from there to Los Angeles. They were given the usual shower of rice on entering the coach. On their return, Mr. and Mrs. Morlock will occupy their new home on 1417 Vallejo street, San Francisco. The presents were very numerous and costly. Among the gifts was a handsome silver service given by Mary Emma and James Flood, daughter and son of James L. Flood, Mrs. Joseph A. Donohoe, a cut glass pitcher; Jennie Flood a set of table silver, Sally Maynard a solid silver tea set, The Young Ladies Sodality a costly picture that was presented to the bride at a reception given in her honor last Monday evening in Parochial hall, Bonita Parlor, N. D. G. W., a beautiful cut glass picture. The bride has many friends and admirers in Menlo Park, where she was born and raised. She is a graduate of the State Normal School at San Jose and is an educator of wide experience and ability. The groom is worthy of the young woman he has chosen for a life partner. They have the best wishes of all for a happy and prosperous wedded life.

Preparing for Incorporation.
The efforts of the committee appointed to consult with the Fair Oaks people with a view to a compromise and agreement on a satisfactory boundary line between the two proposed municipalities has failed. The committee fused its best efforts and offered logical arguments, but the Fair Oaks contingent was obdurate. They wanted their own municipality. Both territories will now be incorporated, and the fight will be waged on the boundary-lines between the two proposed towns. It is hoped that no acrimony or unnecessary feeling will be engendered by the contest, for the incorporation of both territories means better roads for this locality and the enactment of wholesome laws and their enforcement. The two petitions have been freely circulated this week and both are being published. The Menlo Park petition contains such prominent names as C. N. Felton, James L. Flood, E. W. Hopkins, Timothy Hopkins, and Fred McNear, while the Fair Oaks petition has signers equally as prominent. Both documents will come up for action before the Supervisors on Tuesday, September 5th. Meanwhile a spirited campaign will be inaugurated by both sides to win the Supervisors. There is no question that Menlo Park has the best argument to offer that body to have her lines established as set forth in the petition. Every honorable effort will be made by the citizens and every influence brought to bear to have the boundary lines of the sanitary district established. This is nothing but right.

Death Calls Prominent Citizen.
Herrmann Goertzhain, the esteemed father of Henry L. Goertzhain, the proprietor of the Redwood City Nursery, passed away quite suddenly at 5:20 Saturday morning. Mr. Goertzhain had been in ill health for some months from heart weakness and while he was known to be in danger his family had little thought that his end was so near. He had been able to attend to his duties until the last.

The deceased had resided in this city for the past fourteen years and was well known and had many friends. He was a native of Alsfield, Hassen-Darstadt Germany, and was 66 years of age, besides his wife Mr. Goertzhain is survived by the following sons and daughters: Henry L., Charles, Louis, Hermann Jr., Joseph, Louise, Emma, Frank and Lillie Goertzhain; Mrs. J. C. Peterson and Mrs. Charles Scheiber. Two sisters also survive the deceased.

The burial which took place Tuesday at Cypress Lawn, was attended by many friends and relatives.

Contests Husband's Will.
Mrs. Margaretta Hollman has filed a contest to the will of her husband, the late Henry Hollman, who died at his home in San Mateo on the 29th of January, 1911. He was a wealthy grocer of San Francisco, leaving an estate valued at nearly \$250,000. Mrs. Hollman contests the will on several grounds, but the principal issue is that the will filed for probate on February 3, 1911, is only a codicil which appears on its face to have been intended to be a codicil to a will in existence at the time of the execution of said codicil and was not intended to, nor was it declared to be the will of said decedent. Mrs. Hollman or her daughter, Mrs. Madeline Woodward, was not named or mentioned in the document as beneficiary legatees. The only one mentioned was Dick Bruns, who was to inherit \$1,000. Two old friends were chosen as executors. The contest has been set for August 31st. The suit promises to be bitterly fought by the contestants.

Scores Grasping Charities.
Judge Buck, sitting in the Superior Court at Santa Cruz, has handed down a decision in the will contest of the late Jane Ewart. The first will of the dead woman left large sums of money to various churches and charitable organizations. In a second will made on her deathbed Mrs. Ewart left most of her estate to her daughter, Mrs. Chapman of Los Angeles.

Judge Buck said: "I have little sympathy with Christian organizations, recipients of bounties of the deceased during her lifetime, now seeking to grasp the property left by the deceased and to take it away from an only child. The will in question was humane, just and in accordance with natural instincts, but with the law of the state and as far as this Court is concerned the propounder's motion for a new trial is granted."

Woodside Home Sold.
Volney Rattan, through his agent, H. C. Tuchen, of this city, has sold his Woodside home of fifty acres and fine dwelling to a wealthy resident of Fresno. It is said he received \$25,000 for the property. Mr. Rattan will make his future home in Los Angeles. He was formerly the president of the State Normal School at San Jose.

New Building Contract.

New Incorporations.
Daly City Athletic club has incorporated with a capital stock of \$10,000, divided into 10,000 shares at a par value of one dollar each. The corporation is to erect a club house at Daly City and is to foster athletics in all branches. The actual amount of stock subscribed is \$5, by the following stockholders who subscribe one share each: John T. Collins, Colma; Neil S. McKinnon, Edward Goodrich, John Gartland and Wm. J. C. Galdkuhl, all of Daly City.

The Hull Land, Cattle & Dairy Co. has incorporated with a capital stock of \$50,000, divided into 50,000 shares, at a par value of one dollar each. The purpose of the incorporation is to engage in the cattle raising business in San Mateo county. The actual amount of stock subscribed is \$150, by the following directors, who subscribe fifty shares each: W. T. Hall, F. M. Sabbatino and E. R. Hall, all of San Francisco.

New Action Filed.
William J. Eva has brought suit in the superior court against Walter Andersen to recover the sum of \$2000 and cost of suit. The complaint alleges that plaintiff disposed of 41 shares of the capital stock of the Andrew Smith Co. to defendant in 1910, and the latter entered into an agreement whereby the plaintiff was to be released from any and all debts or liabilities of the corporation, for which plaintiff may be obligated or liable as a stockholder, director, etc., up to the amount of \$2000. In May 31, 1911, Eva paid the Bank of California, as assignee of the Andrew Smith company, the sum of \$2720, his entire liability as stockholder of the company. Mr. Eva has made a demand on Andersen for the return of the \$2000 as provided in the agreement and he has failed to return the money, hence the suit. Anna L. Featherstone has brought suit in the superior court against Mary C. Casey and Ellen V. Casey to quiet title to lot 12, block 2, Burlingame Park.

W. R. Bartley has commenced an action in the superior court against Manuel Francis, alleging a breach of contract on the part of defendant as a basis of the suit. The complaint sets forth that on October 13, 1910, defendant sold to Bartley 48 shares of the capital stock of the Flint, Nelson and company, retail butchers at Halfmoon Bay, and that plaintiff paid the sum of \$600 for said stock. On that date Francis signed an agreement not to engage in the butcher business at Halfmoon Bay for a period of one year. The complaint alleges that he violated the agreement and started a shop before the year was up. Plaintiff asks that the bill of sale be annulled and that he be returned the sum of \$600. He also asks for damages in the sum of \$2000 and costs of suit.

NEWS GATHERED FROM THE COUNTY

Interesting Notes Picked Up By Hustling Reporters in the Country Districts.

Dr. J. C. McGovern has commenced the erection of a modern home on his property at the corner of Grand and Eucalyptus avenues, South San Francisco. The house will be two stories and will contain nine rooms, with all modern improvements, and when completed will cost about \$8000.

By a vote of 92 to 17 the people of South San Francisco have decided on a school bond issue of \$14,000. The money will be used in making needed improvements in the building and the purchase of additional school property adjoining the present site.

San Bruno's school boys have caught the prevailing booster spirit. The boys have all decked their coats with San Mateo County booster buttons and are taking considerable pride in their display.

Whatever may be the characteristics of its other officers, Daly City, San Mateo County's youngest municipality, certainly has an energetic poundmaster. According to the last monthly report of that official he has impounded 10 horses, 38 cows, one heifer and 42 dogs.

The new school buildings in Daly City were opened for the term with record breaking attendance at both. At the Vista Grande building the five rooms which had been finished were found insufficient and it was necessary to provide another room before all the pupils could be accommodated. At the Crocker Tract building, where but two rooms had been completed, these were taxed to their full capacity and it is probable that more room will be required when the work of the school is well under way.

H. H. Parks, a resident of San Jose, has let a contract for the erection of a handsome bungalow at Marine View.

The A. S. Hatch Lumber Company of Halfmoon Bay, will furnish the lumber for the large new residence of Dr. McGovern at South San Francisco.

The contractor, when making the purchase, paid this firm the compliment of saying that he found them stocked with an assortment that would compare favorably with some of the best yards of the Metropolis.

The Owl Club, a society of prominent colored people of San Francisco, will hold a labor day picnic at Miramar. The Club, which has a membership of over 800, has leased for five years the old Surf salon property at that place and is making a large addition to the building.

The members of the Montara School are preparing to give an entertainment at Montara Hall on Saturday evening August 26th. A small admission will be charged to aid the funds of the school.

It is reported that the Princeton Hotel has changed hands and that the new owner has let a contract for the building of an addition to cost \$2500.

After gathering all data a friend of The Coast Side Comet reports that the artichoke raisers of San Pedro sold \$75,000 worth of this delicious vegetable in the Eastern and San Francisco markets during the past six months.

It is at San Pedro where these gardeners pay \$18,000 rental for the land used in the cultivation of artichokes and other vegetables.—Coast Side Comet.

Will Steele has threshed 388 sacks of barley from about 10 acres of land at the Green Oaks ranch. Can any one do within 30 sacks an acre as well on any of L. Coburn's ranches. We think not, as the land on his ranches is getting run out and does not give very good crops any more.
